## LUCA LUCIANO (clarinet)

A special concert featuring one of the foremost exponents of the clarinet in the world, but also boys and girls from the Roseland Academy! They will be working with Luca to perform a piece that showcases everyone's talents. Luca will also perform a heart stopping series of musical pieces with his piano accompanist – he is famed for his interpretations of standards such as One Day My Prince Will Come, quite as much as excerpts from Tosca and other Italian music.

## WE'D LOVE TO COME TO YOUR HOUSE!

Our Society puts on concerts by professional musicians on the Roseland throughout the year. Our concerts include elements that are hummable, lovable, and clubbable. We've done this for the last twenty one years, and we want to continue doing so.

Everyone is welcome to come, members or not. You don't have to join the Society to enjoy our concerts. Members are our heartbeat, audiences are our life blood.

We've always held all our concerts in Portscatho, where most of our members live, but we have always had members all over the Roseland and, indeed, beyond: in some cases, far beyond.

We have decided it is high time to bring in new members, attract larger audiences, and secure a more sustainable income. We intend to reach out to communities around the Roseland, so our forthcoming season, starting in September 2019 and running through to June 2020, will be the last season in which our concerts will be based exclusively in Portscatho.

Please, if you love music, find a few friends who live in your local community and write in. If you can commit to holding a concert in a spacious house or in a beautiful garden (preferably with some shelter) we will put on a profitable concert of your choosing. We'd love to meet you and your friends and develop new audiences for some of the best music to be heard anywhere.
